

Helping Your Business Control and Measure The Effectiveness Of Your Online Presence

To whom it may concern:

KS2 Solutions is the authorized distributor in Alberta for The Yellow Pages Group Internet directory (www.yellowpages.ca). Yellow Pages Group (YPG) is Canada's largest telephone directories publisher and has been an industry leader since it published its first directory in 1908.

When we contacted Lead Generators International (LGI) we were looking for solid results; specifically a better experience than we had in our past dealings with another telemarketing company. The other company let us down with their lack of professionalism and poor results they generated.

One of the first things we noticed with LGI was the professionalism of their staff. With us and with our clients, calls and emails were returned promptly and deadlines were never missed. We wanted people on the phones representing our product who were professional and results oriented, and that is what we got with LGI. They delivered a substantial volume of leads in a short period of time.

We see value in paying a little more to get superior service from a company such as LGI. I'm happy to recommend LGI!

Sincerely yours,
